ROBERT J. ANDERSON
PRESIDENT

Pastoral Theology
Missions

With appreciation we recognize the faculty God has brought together to implement the distinctive educational philosophy of Chicago Bible College.

Our program is to create a learning climate where spiritual ministry can come to birth in the lives of the students God has sent to us.

As a matter of priority, our goal is clear: to seek TO KNOW CHRIST AND MAKE HIM KNOWN.

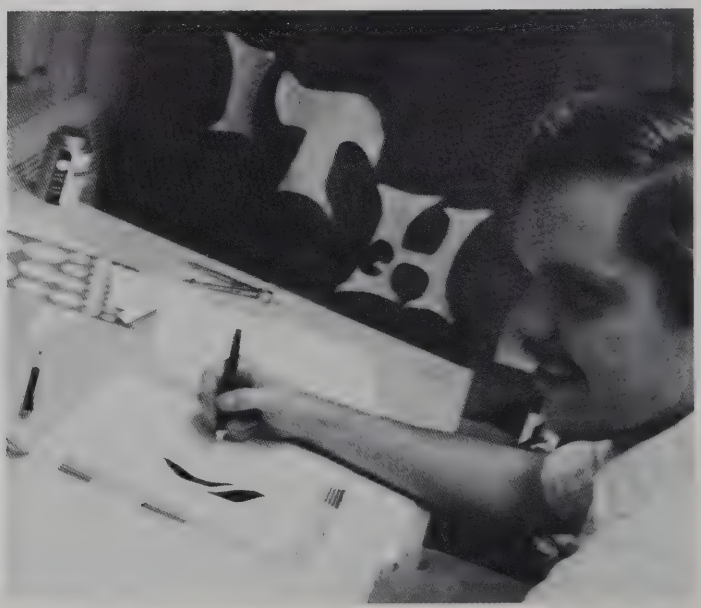
We hope that you have enjoyed looking through this edition of the C.B.C. Challenger.

A greater love and appreciation for C.B.C. has grown in our hearts as we have put this book together. In coming to know Christ one learns how patiently He works with us. We are being made into His image, and this requires a life of yieldedness to His will. This past year has brought many changes into our lives and we have learned much about His grace and wisdom. As you share with us in reviewing the school year we hope that you will see God's hand in our lives and give Him glory for the great things He has done.



Congratulations to the 1981 Chicago Bible College Graduates
